Dear Mr Kudrenko,

**Re: RINNAI, LINEAR SERIES / SELF BURNING LOG FLAMETECH SERIES  
FLAME EFFECT SPACE HEATER  
AGA Application 17058**

Further to my email correspondence dated 4 July 2019 in response to MONDO Laboratory testing (**reports 5263094-18, 5263095-18, 5263096-18, 5263097-18, 5263098-18 & 5263099-18**) and our additional communications, I now acknowledge receipt of the latest revision specifications and instructions, relating to the products referenced above.

Following a desktop review I confirm the documentation submitted is satisfactory. Accordingly, our certification file has been prepared with these documents and the certification has been finalised as detailed below.

As advised, a Final Inspection on a production sample will be completed via our PVA program. Please advise AGA when product is available from the first production shipment received, and prior to releasing product to market. The inspection should be completed within 3 months of the date of this notification. If you believe you cannot meet this time frame, please contact me as soon as possible.

Please find enclosed the following:

- AGA Certificate 8752.
- Appliance Specification issue 01.
- Details of the certification entries as they will appear in the "Directory of AGA Certified Products", as found on our website [www.aga.asn.au](http://www.aga.asn.au).

Please review the enclosed documentation and advise if any details are incorrect or inadequate.

Yours sincerely,

A handwritten signature in black ink that reads 'John Vanderzon'.
